Mission

Our mission is to facilitate access for everyone to the best products from top suppliers around the world, through the most efficient services provided by our dedicated team, in order to grow our clients' businesses and build a better life for everyone.

Viziune

Să fim cea mai **agilă** și de **încredere** companie de distribuție din România.

Values

The values of TEMAD represent the foundation of our success for over 30 years in the Romanian market.

Performance

Excellent results. We demonstrate agility and focus to our actions on mutual success and rewarding each individual's contribution.

Team

Value for all. We act alongside our clients, employees, and partners with the goal of creating value for everyone.

Respect

Appreciation for everyone. We treat our clients, employees, and partners with genuine consideration to support mutual commitment.

Trust

We always keep our promises. We prove, at every moment, that we deserve the trust given by our clients, employees, and partners.

Partnership

We rely on each other. We believe in collaboration and communication to generate the best results for each of us: clients, employees, and partners.

Responsibility

We act with accountability. We make responsible decisions regarding the impact of our activities on employees and the community.

Integrity

We play fairly. We demonstrate transparency in action and treat every situation justly towards our clients, employees, and partners.

Our services

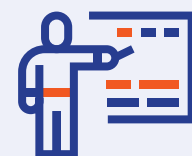

Specialized consulting for your success

We work closely with our partners at every stage of the purchasing process, providing specialized consultancy for:

Finding the optimal solution

We support you in selecting the most suitable products and solutions tailored to your projects, ensuring that you get the maximum value from our collaboration.

Over 1,000 items can be delivered based on special orders for which we offer different delivery terms and commercial conditions.

Specialized training for maximum performance

Our team of technical experts is dedicated to the professional training of our partners. We offer:

Courses and practical demonstrations

We organize training sessions and technical demonstrations that will show you how to use the products in our portfolio effectively, ensuring proper and efficient implementation.

Why TEMAD? We support the growth of your business with 5 dedicated services at every

TEMAD is not just a distributor, but a trusted partner that supports Romanian businesses with essential services such as financing, marketing, consultancy, and training, ensuring optimal stock levels and fast delivery.

Marketing and promotion adapted to your needs

Our partners benefit from consistent support in promoting products through:

Trade marketing & events

We offer a diverse range of shelves and displays for primary and secondary placements, planograms, and reorganization services. Our dedicated team organizes product presentations (roadshows) to attract and retain your customers.

Informative materials

We provide detailed marketing materials, both in electronic and printed formats, to support your sales and inform customers about our products, their features, and benefits.

Promotions

We periodically organize promotional campaigns that will help your business attract and retain customers.

Online and in-store promotion

We continuously run online promotional campaigns across all relevant channels for a range of products, aiming to increase brand awareness among consumers.

Customized equipment

We provide customized work equipment for your team, contributing to a professional and cohesive presence.

Our services

Flexible financing for business growth

We offer flexible and customized credit solutions, tailored to clients to support a sustainable financial approach. Among the benefits of this service are:

Flexible payment terms

We offer you the opportunity to choose payment terms that best align with your cash flow and the operational needs of your business. We are open, flexible, and consistently propose alternative payment terms for priority campaigns and exclusive projects.

Customized credit limits

We set credit limits tailored to the specifics of your business, allowing you to access the necessary resources for growth without putting pressure on liquidity, ensuring steady and secure expansion.

Various payment instruments

We accept a wide range of payment methods, including cash, bank transfer (OP), and checks, to provide you with comfort and flexibility in managing transactions.

Fast delivery for projects without delays

We ensure that the products reach you as quickly as possible, as follows:

Delivery within 24 hours

The ordered products are delivered directly to the construction site, warehouse, or store within 24 hours, under optimal transportation conditions, to avoid delays in your projects. The delivery time is determined based on daily routes, so it may vary between 24 and 48 hours for stocked products in our portfolio.
